

VERY IMPORTANT BITRON GENERAL INFORMATION

Some very important, Bitron information. The ADDING of these Bitron Treatments to your vehicles and machinery, WILL save you thousands of dollars eventually. NO MORE servicing of Fuel Systems. Maintenance of machinery WILL be reduced to zero after a very short time.

Please OPEN the "attachments". Supplied with this information..

I receive this type of comments from most of my long time Bitron customers, and I know you could be one of these people eventually, if you were to start ADDING these Bitron Treatments to ALL your machinery and vehicles.

=====

As an engineer, I have been promoting these Bitron Treatments for over 20 years with great success with “maintenance reduction and fuel savings” for more than 350 regular Bitron commercial customers, I have concluded that:—

any of my Bitron customers who have been adding the 3 main Bitron Treatments to their machinery for many years; ALL tell me, that, since they have been adding the Bitron to their machinery they have NOT had any “down time” from mechanical breakages. In fact, they have added that they have not needed to put a spanner on their machinery for maintenance in that time. This would be far more valuable to a farmer or mechanical machinery operator, than saving fuel. Operators cannot afford to have “down time” during harvest, or heavy work load.

What happens is:- individually the Engine and gearboxes vibrate in different ways. Metal parts wear quickly and at times break. The ADDING of the Bitron to both the Engines and the Gearboxes smooths out the friction in both areas and the machinery operates as one unit. The harmonics blend together and all operate smoothly.

I don't believe that any other type of treatment in the market place, added to machinery, can make these claims.

Add these amazing Bitron Treatments to **ALL** your machinery for **trouble free operation**, and as a bonus, **the burning of a lot less fuel.**

Brian.

P.S. Check out my Bitron website at:- www.savefuelaustralia.com to find out what each of these Bitron treatments can do for you.
